NEW POSTAGE STAMP ISSUE

The local postmaster has received notice from the postoffice department it will issue five new denominations of ordinary postage stamps, intended particularly for use on parcels, but which are valid for postage on all classes of mail matter

The new stamps will be of the same size and shape as other ordinary stamps and will be issued in the following denominations and colors; Seven-cent, black; nine-cent, pink;

The lower denominations of the new stamps will be a great aid to the postoffice department and it is expected that a great many of them will be used. The calls for the 20 and 30 cent stamps it is thought will not be so great. The date of issue of the stamps is not yet known.

The seven-cent stamp bears the head of Washington in profile, from O Houdon's bust, looking to the left. 0 The border des'gn is the same as the first denominations of the current serles. The other stamps bear the head of Franklin in profile, from Houndron's bust, looking to the left. These denominations have the same border design as the current eight-cent and one-dollar stamps.

WHITACRE'S CHARGES

Seekers, Backed by Brissel. Canton, O., May 15 .- George U. Brissel, former Stark County Com-missioner, in a formal statement given out here to day, substantiated in part the charge made by Congress-man J. J. Whitacre yesterday that agents of the Gov. Cox administration had exacted contributions from

endum against the Warnes taxation When the charge was made in Washington yesterday by Congressman Whitacre there was a general denial of it. Whitaere today named Harry Welss, internal revenue col lector of the Cleveland district, and Brissel as Stark county applicants for tax commissionerships who had con tributed to the fund on the promise they were to be appointed if the referendum was defeated.

Brissel today said that Whitacre's charges were not true except that of the \$100 which the applicants for state jobs all over the state had sent to the committee \$75 had been returned.

"The remaining \$25 was kept by the committee, consisting of C. C. Meek-ison, Sam Vining and others," said "I wrote to Vining several times asking that he return it. Both Vining and Meekison told me that all applicants would have to contribute to this fund if they expected to stand any show of being apointed by Gov.

WHITACRE ACCUSES COX

Of Having Collected From Officeholders For Campaign Expenses.

Washington, May 15 .- Representative Whitacre, of Ohio, today issued the following statement:

"Last week I charged that the offense Chairman Finley had pleaded guilty of was not the first time the state administration had raised money among officeholders for campaign purposes, and I specifically pointed out the collection of a fund of \$12,000 to suppress the referendum petition for a vote on the Warnes tax law.

"Gov. Cox, when questioned by Canton newspapers, said he did not intend to notice my charges. In order that he may know just what I am driving at, I may say that Harry Weiss and George Brissell, two candidates for tax commissioner in Stark county, were called uopn to pay \$100 each to the Meekison fund for the fight against referendum petitions for a vote on the Warnes law.

"I personally saw the check of Mr. Brissell, the same having been inlorsed by Sam Vining. Mr. Weiss told me personally that he had cash-ed in \$100 to the Meekison fund. What became of this money no one seems to know. Gov. Cox, however, might be able to enlighten us."

reated. This he did and was amarantic nosed by specialists as chronic Bright's disease and he was told he must give up all business cares and rest while being treated. This he did and was apparently getting better, hence his sudden death was a great shock to relatives and friends. Mr. Phillips was born in Milton township April 28, 1885, consequently had passed his 58th birthday. His early years were spent on the farm and he was educated in the district schools and Mt. Union college. In 1873 he came to North Jackson and engaged in the drug and Jewelry business in which he was very successful, being a wide-awake, hustling tradesman. He was also in the real estate business and actively identified with hearly every industry calculated to promote the welfare of the community. For years he was the local correspondent of The Mahoning Dispatch, and our older citizens will remember how well he presented the happenings of this locality. About 20 years ago he disposed of his business here and removed with his wife to Curahoga Falls and opened a large jewelry store which he

Contral Square

The most lasting roofs are tile and slate. They require no painting and on barns where felt is not necessary, slate can be put on lath, with a saving of 3-5 of the sheathing or \$1.50 per square, making slate really the cheapest roof in the long run. And, besides, the appearance is first-class. We have been in the roofing business for 22 years, and do not know it all by a long way. However, experience is a good teacher, and judging from our experience we find felt roofs the most expensive roofs in use.

We sell all kinds of roofing-2 and 3 ply felt, rubber and Zoleum, Painted Tin Shingles (on which we have a special fow price at present). Also galvanized shingles and plain standing seam galvanized. We have had galvanized roofs on for 18 years without paint and still in quite fair condition.
